ANCESTORS AND PAST LIVES 1: OUR CHOSEN HERITAGE

‘Who am I?’ The deep shamanic process of re-membering has at its very core this fundamental question. Who we are, where we are born and how we belong to place and community in this present time. What brought us to this point is silent knowledge, powerful knowledge locked within the threads and webs of our energy fields. This knowledge holds and forms our unique blueprint. To understand and appreciate where we come from is to reconnect with our past. Working with our ancestors is a deep and respectful part of the process of remembering.

This course involves, journey work, scanning and healing the luminous energy field and working with our ancestors.

This course offers a unique opportunity to learn and practice ancient spiritual practices which have been used throughout civilisation for the health and well-being of people, communities and the Earth.
